

The Perryburg Journal.

PUBLISHED EVERY FRIDAY.

E. L. BLUE

Editor.

Entered at the Perryburg Postoffice as second-class matter.

THE JOURNAL is dated Friday, but the paper goes to press every Thursday afternoon at 2 o'clock, in order that it may reach its readers in various localities by Friday morning.

Long Distance Telephone No. 21.

SUBSCRIPTION RATES.

One dollar per year if paid in advance. One dollar and fifty cents if not paid in advance.

SPECIAL NOTICE.

Cards of Thanks, Obituary Poetry and Resolutions of Respect are published at the rate of 5 cents per line only. There will be no deviation from this rule.

FRIDAY, MAY 12, 1911.

That American actress who recently married an Egyptian Prince, can now wear a harem skirt without fear of adverse criticism.

In his artless Japanese way the Mikado must be wondering whether Hobson does his alarming for fun or whether he gets a regular salary.

A Los Angeles man who is 92 years old eloped the other day which shows that his family have not been keeping a very close watch on the youngster.

The Cleveland Plain Dealer is one of the large newspapers that is making war on cigarettes and pool rooms where boys under eighteen years are allowed to play.

Pugilistic Champion Johnson is planning to become an aviator as soon as he gets out of jail in San Francisco. Nobody arrests aviators even when they exceed the speed limits coming down.

A New York lunatic has been paroled from Bloomingdale to make a trip to Europe, after giving bond that he would come back. But why not have the bond to insure that he would not?

Governor Harmon promised great things if he could be re-elected and have a Democratic legislature to back him up, and now the reports from Columbus certainly indicate that "great things" have happened down there.

The common drinking cup which is being replaced by paper individual cups in railway trains and public places is now being assailed in Chicago. They tried one on a guinea pig a few days since and the pig died of diphtheria.

Judging reports from Columbus, Adams County did not contain all the boddies in the State. This legislature seems to be "making history" all right, and a record to which the State can hardly be willing to "point with pride."

The "Old Fashioned Circus and Menagerie," no longer visits the rural villages. The "aggregations," as they are now called, have grown so big that they can only visit the cities where they can obtain large audiences.

The coffee boycott is on. More tea and cocoa is being imported this year than ever, and coffee is falling off. Perhaps that coffee trust will discover that lots of people have found hot water just as good and a whole lot cheaper. It's all in getting used to it.

Persons who have been evading taxation need have no fear of making a full and proper return of personal property this year, as the fact that they increased this year's returns will not be taken to mean that they have been evading, and no effort will be made to collect a penalty for making improper returns for the last five years or more. A law recently adopted, relieves taxpayers from suspicion and liability.

"What has become of the boy in patches?" Why bless you there are many of them on the farm working sixteen hours a day. He will come to town after a while to run the banks and the stores and be the successful lawyer, preacher and physician. Don't worry about the boy in patches. It's the sleek looking store clothed, nicely groomed lad you want to inquire about. He's the fellow that's going to drop through a crack in the sidewalk out of sight, one of these days.

Auditor of State Fullington has announced that he will refuse to pay the salaries of legislators in advance—that is, he will not pay next year's salaries this year. There is no other alternative for a servant of the people. The legislators get \$1,000 for the

second year for doing nothing and we do not see why they can not wait until next year planting time to get it. There is a square deal about this. Another thing, if any one can give a good reason why the present legislators are honestly entitled to this \$1,000, they can do more than we can.

The Journal is heartily in favor of, and will use its efforts to establish, a Business Men's or "Boosters' Club" for Perryburg. It is high time our people should get together and do something to boost Perryburg, and one of the first lessons to inculcate in the minds of our citizens, is loyalty to home institutions, and after this club is organized and ready for business we hope its officers will not follow in the footsteps of those of the High School Alumni Association, by using the Journal as a convenience for obtaining information and for free advertising and then send its job printing to a Toledo printing house.

A COMMON ERROR

The Same Mistake is Made by Many Perryburg People.

It's a common error To plaster the aching back, To rub with liniments rheumatic When the trouble comes from the joints, kidneys.

Doan's Kidney Pills cure all kidney ills.

Here is convincing proof:

Mrs. Ida Sonnenberg, 523 Tecumseh St., Toledo, Ohio, says: "Some years ago I strained my back and it began to ache severely. I applied liniments and used various remedies, but they failed to improve my condition in the least. I finally learned of Doan's Kidney Pills and began taking them. They brought prompt relief and continued use completely disposed of my trouble. I have had no return attacks. I know of other persons who have taken Doan's Kidney Pills with just as satisfactory results, and consequently I heartily advise their use to anyone suffering."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NAPS-MOOSE BALL GAME.

Just preceding the Perryburg-Cyngnet game next Sunday, the Perryburg Naps will play a game with the Toledo Moose's. One admission price pays for both games.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all dealers.

What Women Have Done.
It was a woman who invented pantaloons, the Turkish women first wearing them, and the trousers men wear are all evolution. In fact, it seems that women are responsible for most of the good and bad things in the world.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by C. P. Champney.

House Cleaning by the Vacuum Way

Carpets, Rugs, Draperies, Upholstered Furniture, Etc., Cleaned by the

VACUUM CLEANER

Without Removal

Or, if you so desire, I will take your articles to my house where I have the facilities for securing the best possible results.

All country calls gladly accepted. Estimates furnished for all cleaning.

GEORGE B. CRAIG,

Phone Main 97.

Perryburg, Ohio.

The Call of the Wild is strong in us all. Purchase a Canoe and answer that call. All Nature will look brighter to you When paddling down the river in your Old Town Canoe.

N. L. CURTIS, Agt., Maumee, Ohio.

BOOSTERS CLUB.

The business men and public spirited citizens of Perryburg, are contemplating a very worthy movement. It takes the form of a chamber of commerce, and will be called the Boosters' Club for Perryburg.

This is a very commendable movement and should have the hearty cooperation of all who have the welfare of old Perryburg at heart.

It will have for its object the betterment of Perryburg, the securing of any available industries, and the making of many needed improvements. In fact all that can be done, will be done by these energetic men to place Perryburg to the front as a beautiful and progressive city.

Everybody should use his best effort to make this movement a success.

How about a Boosters' Club? Why does not Perryburg organize one?

Every live town in the United States has one and profits and grows because there is an organization of that sort in the town.

Our unpreparedness and lack of such an association was forcibly demonstrated to us last fall during the Normal School campaign. Other opportunities of this sort will present themselves to Perryburg and if we do not have an organization we will not be prepared to compete with other towns.

Let us get together—talk it over with your neighbors — and devise means, ways and plans to organize and perpetuate a strong, congenial and united club for our own beautiful Perryburg for which nature has done so much, and we, her citizens, have done so little. Let us all wake up, join hands and help to organize the Boosters' Club regardless of what your occupation, profession or station in life may be. Let us get together not next month, nor next year, BUT RIGHT NOW.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

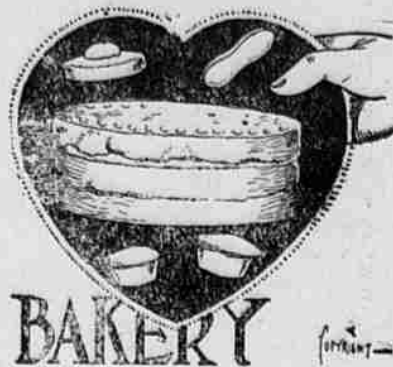

COWBOY EVANGELIST.

Fred Seibert, of the Sunday evangelistic party, conducted a most successful meeting at Perryburg Monday evening, the Perryburg M. E. church, being well filled with men from town and vicinity.

The Ionian quartette furnished excellent music.

Seibert made a strong appeal for those who had not accepted Christ to make a choice. He recounted some of his experiences in evangelistic work in the west and several of his stories were filled with pathos and were given marked attention.

A Burglar's Awful Deed
may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadville, Tenn. If ailing, try them. 25c at C. P. Champney's.

YOU'D NOT HAVE THE HEART

to refuse our cakes if you once saw them. They are so dainty and rich looking. And if you once taste them there's no power on earth will keep you from eating more of them.

YOU TAKE THE CAKE

home with you if you want to share the pleasure with your family. There's not a single member who will not demand to know why you didn't come here before.

PERRYSBURG BAKING CO.
R. T. Davidson, Prop.

POULTRY RAISING CONTEST.

A request from a number of the girls of the district schools has led the teachers to arrange for a poultry contest. The results of this contest, like that of the corn contest, will be upon exhibition at the next farmers' institute in Perryburg township. The following are the requirements:

1. Not less than one contestant (boy or girl) from each school district.
2. Each contestant may decide the number of eggs to be used.
3. One breed should be decided upon by a contestant.
4. Keeping a record—amount, cost, etc., etc., of feed.
5. Display of male and female birds at farmers' institute.
6. Written account of 200 words. All bona fide students of Perryburg township schools district or special may enter for this contest. It is hoped that prizes may be secured for this contest.

THE EYE SPECIALIST

FROM

Brinkman's Institute

1915 Jefferson Ave., Toledo,

—WILL BE AT—

Dr. Bower's Office

Perryburg, O.,

MONDAY MAY 15

Satisfaction guaranteed.

Consultation and Examination Free.

Remember the date—only one day only.

WASHINGTON LETTER.

(Continued from First Page.)

One witness testified that 45 per cent. duty on shoe making machinery made it prohibitive, and yet the royalty charged by the trust for the use of its machines he said was sufficient in less than one year to buy the English machine outright. Representative Weeks of Massachusetts declared on the other hand in a House investigation held simultaneously with that of the Senate, that the shoe machinery was a magnificent monopoly inasmuch as it enabled one corporation to lease the machines at a very low rate to American manufacturers. Mr. Weeks used a number of samples of shoes to illustrate his argument against the Democratic measure. Mr. Dittendorfer of Pennsylvania introduced a resolution in the House calling upon the Navy and War Departments to furnish Congress information relating to shoe contracts for the army and navy. The inquiry was based upon charges that a single shoe concern has a monopoly to furnish the army and navy and has frozen out other competitors. Congress is giving much attention to investigations. Inquiries into the affairs of the United States Steel Corporation, the American Woolen Company, the American Sugar Refining Company were placed on the list in the House and Senate Committees and will no doubt be an important part of the work of the summer session. Mr. Broussard of Louisiana introduced a resolution to appoint a special committee of three Senators and four Representatives to examine the laws and departmental resolutions governing the methods of appointing diplomats and consuls. The resolution carries twenty-five thousand dollars for expenses and empowers the committee to hold sessions in foreign countries, if necessary. Of course, everyone knows that this is for the purpose of a foreign junket for the committee with their wives and daughters and others at the expense of the government. There will doubtless be other junkets proposed before the extra session is over, and the Democrats who are now in power will probably demonstrate in spite of their professions of honesty and economy, that they can get quite as much on the side from the government in the way of jaunts and junkets and plums and pork as their Republican confederates. There should be an outright appropriation by the government called "The Foreign Travels Bill."

No Ghosts Haunt Swamps?

No, Never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and low lands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at C. P. Champney's.
